

THANK YOU!

You have purchased the Christmas Gift Guide Canva Template for Bloggers & Small Business Owners. Your purchase includes fully editable Canva templates in 8.5"x11" size. You can access your template by clicking the button below. A free Canva account is required in order to edit these files.

8.5X11
TEMPLATE

IMPORTANT: The design and files were created by Kirsten Thompson or Kirsten Thompson, LLC and are copyrighted. You do not have permission to sell or distribute these files or the templates. They are yours for personal use to create your editable pages and print as needed.

HOW TO EDIT

Click the link for the template you wish to edit. A new browser window will open allowing you to log in to an existing Canva account or create a new account in order to edit your template.

TO CHANGE COLORS:

Click on any element for which you wish to change the color. Then click the box in the top left of the Canva toolbar to select and change the color of that element.

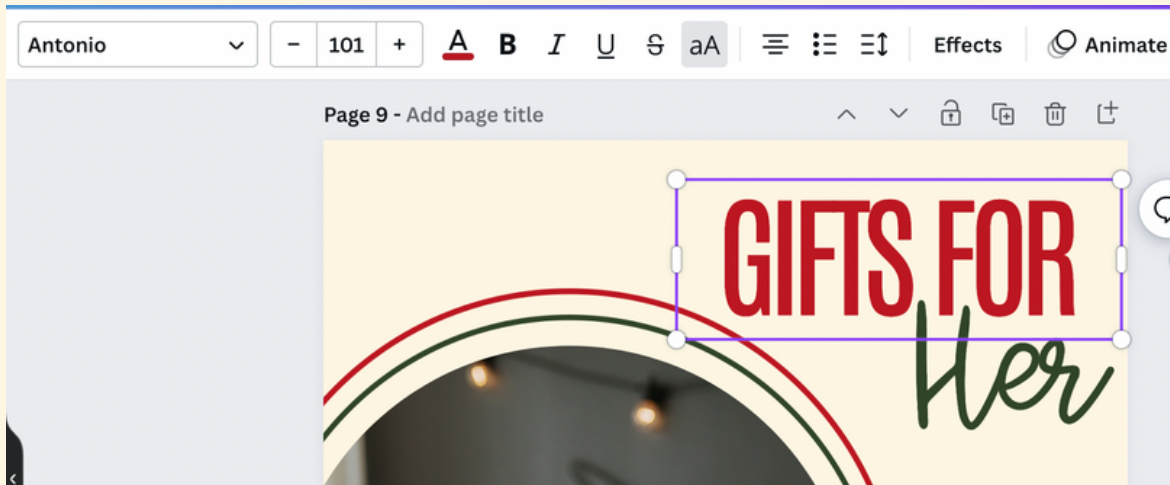

At the bottom of the color panel in the left sidebar, when selecting a new color, you can choose to "change all". This will change every design element from the original color to the new color throughout the entire document.

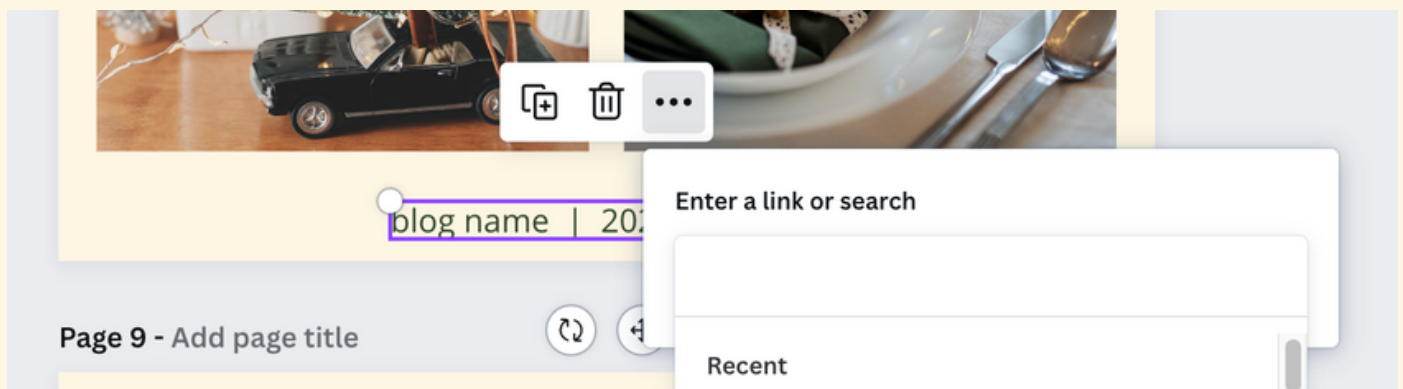

TO CHANGE FONTS:

Click on any font in the document, then click the dropdown list of available fonts. Free Canva accounts have access to free Canva fonts. Paid Canva accounts have more options, as well as your own uploaded fonts.

TO ADD CLICKABLE LINKS

Select an image or text that you would like to make clickable (for example, to link the footer text to your homepage or an image to a specific blog post). Click the three dots in the box that appears and select "Link", then enter your URL.

ADD OR DELETE DESIGN ELEMENTS:

This entire document is fully editable, which means if you don't like a design element, simply click on the element, then click the trash can icon to delete.

Alternatively, you can select any element and duplicate it to use it on the same or a different page of the document.

ABOUT THE PHOTOS & GRAPHICS IN YOUR TEMPLATE:

You are welcome to keep any of the photos and graphic elements currently in the template, as they are being used with a full commercial license. However, feel free to change images as you like and add your own. Simply click any photo and delete it. Drag and drop new photos into each frame.

TO PRINT:

Download the entire edited document as a PDF for print, then send to your printer. You're all set!
